I am committed to a high level of integrity in my mediation practice, have invested over 1000 hours of specialized training through 2002. In addition, during the past two years, I was accepted into a limited residency Master of Arts/Conflict Resolution program through Antioch University (the accredited graduate school of Antioch College, founded in 1850's in Yellow Springs, OH). This program was one of the first of its kind in the nation over a decade ago. It is an academically rigorous masters requiring successful conclusion of sixty credits, with a project/thesis requirement, to graduate. With the addition of this program I have over 3000 hours of training in mediation and other dispute resolution issues.
